COLLECTION

The Inspiration

A unique opportunity to curate an exhibition showcasing Young Artist Partnership-YAP's latest crop of fledgling painters, sculptors and makers together with guest artists.

"The synergy of working closely with the interior designer Finkernagel Ross and developer Beaubridge has created a cohesive living space – ideal for a family home."

Annabel Seal & Louisa Higgs – YAP

"Key to me, right from the very start of the process of developing the Elsworthy Collection was to create interesting and imaginative apartments that created a juxtaposition between the replicated 1880's Arts and Crafts exterior and the new contemporary apartments on the inside.

To demonstrate how the space works we have brought together YAP and the Interior Design of our Architects Finkernagel Ross, they have brilliantly 'cross fertilised' to bring an extraordinary mixture of paintings, sculptures and furnishings, which together show off this extraordinary apartment to its very best and clearly defines the spirit of the development."

Jonathan Seal – Beaubridge.

The Elsworthy Collection, an exclusive development in Primrose Hill, is the result of an ambitious collaboration between boutique developer Beaubridge, architects and interior designers Finkernagel Ross and art experts YAP. "The relationship was forged in an attempt to do things differently, to create a polished high-end development for a design-conscious, inspired and discerning client. The result is striking contemporary interiors bringing together the very best of bespoke residential design and a commercial, value-led approach".
